VOTING CONTENTS

To: Valued Investors

Dragon Capital VietFund Management Joint Stock Company (DCVFM) respectfully submit the voting contents to be approved at the Annual General Meeting for the fiscal year 2023 of the DC Dividend Focus Equity Fund (DCDE) as follows:

I. Fund's Performance in 2023

DC Dividend Focus Equity Fund ("DCDE") demonstrated impressive growth in 2023, outpacing the market with a robust increase of 23.4% compared to the market's 12.2% rise. Key drivers of the portfolio's performance included the Financial Services (+26.3%), Real Estate (+32.6%), and Materials (+56.4%) sectors. Noteworthy stocks within each sector contributing to the portfolio's growth included PDR (+135.7%), VIX (+118.4%), and HSG (+89.7%). The year 2023 marked a pivotal period of recovery following significant challenges faced by the Vietnamese economy and financial markets, including frozen bond and real estate markets, export difficulties due to weak demand in key markets, and reduced purchasing power in the domestic retail sectors due to widespread workforce reductions. While the stock market displayed resilience in the first three quarters, it experienced a downward adjustment in the fourth quarter amid tightened monetary policies by the State Bank of Vietnam aimed at maintaining macroeconomic stability. The year was characterized by short-term market volatility, subdued market sentiment, and listed companies' financial performances not fully reflecting revenue and profit growth. However, we maintain our belief that the market is nearing a bottoming-out phase, with speculative capital flowing in and selective investment in potential stocks for the new cycle.

In 2023, the Fund strategically allocated heavily to cyclical sectors such as Real Estate, Securities, and Materials, which also saw many stocks achieving significant profitability throughout the year. The Fund maintained low cash reserves on average throughout the year to capitalize on opportunities at favorable price levels.

II. Fund's Audited Financial Statement 2023

Please see the content of Fund's Audited Financial Statement in 2023 on DCVFM's website at www.dragoncapital.com.vn.

III. 2023 Dividend distribution

DCVFM hereby presents to the General Shareholders the Profit Distribution Plan for the financial year 2023 of DC Dividend Focus Equity Fund (DCDE), as delineated below:

- DCDE Fund adheres to the statutory guidelines for profit distribution for the financial year 2023.
- Payment modality: Cash disbursement.
- Transaction method: Bank transfer.

- The quantum of dividend disbursement and the timeline for execution: The General Shareholders delegates authorization to the Fund's Board of Representatives to determine the dividend disbursement quantum for the fiscal year 2023, as well as the method, modality of profit allocation, and the schedule for implementation, contingent upon prevailing circumstances, and in accordance with pertinent legal provisions and the Fund's Charter. The Fund management entity is tasked with the requisite operational activities concerning dividend allocation, pursuant to the resolutions of the Fund's Board of Representatives.

IV. Fund's operation plan in 2024

Looking ahead to 2024, Vietnam's economy is projected to gradually recover, supported by a resurgence in main export markets and strong inflows of FDI and remittances. The record level of remittances in 2023, reaching \$16 billion and marking a 32% increase from 2022, underscores this positive trend. Historically low interest rates are expected to provide further stimulus, enabling banks to reduce lending rates for manufacturing and export businesses. However, challenges persist in the real estate market, despite efforts to overcome financial difficulties with the amended Land Law taking effect gradually. The bond market, which had been stagnant for nearly two years, is showing signs of growth in trading and issuance, serving as a catalyst for the broader financial market's recovery.

In 2024, DCDE Fund plans to maintain cash reserves at a reasonable and flexible level to capitalize on sectoral differentiations and individual stock opportunities. Stable profit growth is expected to continue in sectors such as Banking and Retail, driving overall market performance. Additionally, industries aligned with current investment trends, such as Infrastructure and Materials, will be considered for inclusion in the portfolio if they meet fundamental criteria, corporate governance standards, and favorable valuations.

V. Fund's auditor selection in 2024

DCVFM proposes that investors authorize the Board of Representative to select one of the two leading audit firms, KPMG or PwC, to conduct the audit for the Fund in 2024.

The selection of the audit firm for the Fund in 2024 will be based on:

- Reasonable fee proposal;
- Continuity of the audit process;
- High level of professionalism;
- Ability to meet the Fund's requirements.
