2. CONCEPTS & DEFINITIONS

Unless otherwise defined by context of this Charter, the following terms will have the meanings below:

“Fund”	Means DC Dynamic Securities Fund (hereinafter referred to as “DCDS”), an open-ended securities investment fund converted from close-ended fund, incorporated under regulations on securities and Fund Charter.
“Fund management company”	Means Dragon Capital Vietfund Management (DCVFM), is incorporated under the License No. 45/UBCK-GP dated January 08, 2009 issued by the State Securities Commission of Vietnam (“SSC”), and Amended License No. 88/GPĐC-UBCK dated December 30, 2020 issued by the SSC, with the activities of securities management investment, securities portfolio management and securities investment advisory. DCVFM which is permitted by the investor to manage the DCDS fund, has the rights and obligations as prescribed in Chapter VI of this Charter.
“Supervisory Bank”	Means Standard Chartered Bank (Vietnam) Ltd, being established under the license No. 236/GP-NHNN issued by the State Bank of Vietnam dated 08/09/2008, Decision No. 1477/QĐ-NHNN issued by the State Bank of Vietnam, dated 25 August 2022, supplementing activities in the license of Standard Chartered Bank (Vietnam) Ltd and the registration certificate No. 08/GCN-UBCK for securities depository activities by the State Securities Commission, dated 07 May 2015, to carry out activities of custody of securities, economic contracts and documents and records related to the Fund’s assets as well as to supervise DCDS’s activities. Rights and responsibilities of The Custodian bank are defined in Chapter VIII of this Charter.
“Auditing Company”	is an independent company which is approved by the SSC and appointed by the General Meeting of Investors, of DCDS performing the auditing of the Fund’s annual assets.
“Fund’s Charter”	Defined as the charter, the attached Appendixes and any legal revision or supplement (if any).
“Prospectus”	means the documents or electronic data publicizing objective, truthful and accurate information about the offer for sale and issuance of DCDS Fund Certificates of the fund.
“Supervisory Contract”	is the contract signed between the fund management company and the Custodian Bank of DCDS.
“Investor”	are domestic, overseas individuals and institutionals who hold DCDS Fund certificates.
“General Meeting of Investors”	Defined as a regular or irregular general meeting of investors where investors are entitled to vote, to pass important matters relating to DCDS Fund. It is the supreme power of DCDS Fund.
“Board of the Fund Representatives”	Defined as representatives of investors elected by the General Meeting of Investors to act on their behalf to supervise the operations of the Fund, the Fund Management Company (DCVFM) and the Custodian Bank.
“Fund’s Charter Capital”	Defined as the total capital in cash, as recorded in this Charter, contributed by all Investors at the initial public issuance of Fund certificates.
“Fund unit”	Defined as the Charter Capital which is divided into equal units with par value of VND 10,000 per unit at its initial issue, each of which shall represent an equal proportion of profit and capital of the Fund.
“DCDS fund certificate”	(hereinafter referred to as the “fund certificate”) means the securities issued by DCVFM on behalf of DCDS, in the form of a journal entry or book entry,

	certifying the investor's ownership over a portion of the contributed capital in the fund. The par value of 01 fund certificate is 10,000 VND.
"Subscription price"	Is the price that an investor must pay to buy a fund unit. The selling price/Issuing price in the trading periods after the Fund is converted is equal to the net asset value per unit of the fund calculated plus the issuance service price specified in the Charter.
"Redemption price"	Redemption price is the price of a fund unit, that Fund Management company must pay investors, is determined by the net asset value per a fund unit minus price of service of redemption as the Fund Charter.
"Price of service of managing public securities investment funds"	Defined as the price of services payable to the Fund Management Company for its provision of fund management service as defined in Article 1.1 – Chapter X of the Prospectus.
"Price of service of Subscription at the next subsequent trading cycle"	is the price of service that investors must pay when buying a fund unit at the next subsequent trading cycle. Such price of service is counted as a percentage of the subscription amount of a fund unit and payable upon the issuance.
"Price of service of Redemption"	is the price of service that investors must pay when selling a fund unit. Such price of service is subtracted from the redeemed amount and payable as the fund pays to investors and counted as a percentage of the redeemed amount.
"Fiscal Year"	Defined as a period of twelve months which commences on the beginning of the 1st of January and ends on the end of the 31st of December according to calendar year. The first fiscal year of DCDS is calculated from the day on which it is officially issued a license by the SSC until the end of the 31st of December of the same year.
"Net Asset Value of the Fund"	(Hereinafter referred to as NAV) is the total value of assets and investments owned by the DCDS minus total liabilities of the DCDS on the trading day closest to the valuation day.
"Valuation Day"	means the date the fund management company determines the net asset value of one fund Certificate unit.
"Trading day"	means the date when the fund management company, on behalf of the funds, issues or repurchase open-ended fund certificates, as required by the investors according to the trading mechanism of the Fund specified in this Fund Charter
"Cut-off Time"	means the deadline for distribution agents to receive trading orders from investors that shall be executed on fund certificate trading days. Cut-off Time is 14:30 pm on T-1 whereas T is the Valuation day and Trading day.
"Fund administration service"	is a service that the fund management company authorize to a service provider to undertake the following services: <ul style="list-style-type: none"> - Make accounting records of transactions of a Fund: record the changes of cash inflows and outflows of the Fund; - Preparing the Fund's financial statements; coordinating with and assisting Fund's auditing organizations in performing audits for the Fund; - Determining the Fund's net asset value, the net asset value per fund certificate unit in accordance with legal regulations and the Fund's Charter; - Carrying out other activities in accordance with legal regulations and the Fund's Charter, the Contract signed with the Fund Management Company.
"Transfer agency service"	is a service that the fund management company authorize to a service provider to undertake the following services:

	<ul style="list-style-type: none"> - Preparing and managing the Main Register of investors; opening, tracking and managing the system of investors' trading accounts, omnibus accounts; confirming the ownership of open-ended fund certificates; - Making records of subscription orders, redemption orders, switching orders of investors; carry out the ownership transfer of fund certificates; updating Main Registers; - Supporting investors in implementation of rights related to the ownership of fund certificates of investors; - Maintaining the communication channel with investors, distribution agents, state competent authorities and other competent organizations; - Distributing to investors financial statements, fund operations reports, trading account statements, transaction confirmations and other documents required to be provided for investors; - Carrying out other activities in accordance with legal regulations and the Fund's Charter, the Contract signed with the Fund Management Company.

Chapter II

PROVISIONS ON INVESTMENT OBJECTIVES, POLICIES AND LIMITATIONS

ARTICLE 9. Investment objectives

The investment objective of DCDS Fund is to maximize long-term profits from capital appreciation and income through investing into growth stocks and other financial assets in accordance with current regulations. The fund's equity portfolio is diversified across various sectors and market capitalizations. The companies that the fund select for disbursement are those with high growth potential, solid assets quality and attractive valuation.

ARTICLE 10. Investment Strategy

The investment strategy of the DCDS Fund is to actively invest in stocks of companies operating in the Vietnamese stock market and other financial assets. These assets include, but are not limited to, government bonds, government-guaranteed bonds, municipal bonds, bonds issued by organizations operating under Vietnamese law, commercial notes, money market instruments and derivative securities.

Although the Fund can typically assign up to 100% of its assets to stocks under normal condition, this proportion is not fixed. In cases where the stock market experiences significant fluctuations, the Fund may opt to increase its investment proportion into defensive sector stocks, and/or rising the weighting of defensive assets such as cash, deposits, commercial notes, and hedging derivatives tools. Throughout the course of operation, the Fund will maintain a flexible dynamic asset allocation strategy that maximizes investor benefits and limits portfolio risks, depending on the prevailing macroeconomic environment and market conditions.

1. Investment Structure

DCDS Fund shall be allowed to invest in the following assets:

- a) Deposits at commercial bank as stipulated by banking laws;
- b) Money market instruments including valuable papers and negotiable instruments in accordance with relevant laws and regulations;
- c) Government debt instruments, bonds underwritten by the Government and municipal bonds;
- d) Listed shares, registered shares, and listed bonds on stock exchanges, public fund certificates.
- e) Shares offered for the first time to the public, bonds offered to the public; Corporate bonds privately issued by listed organizations with credit institutions' payment guarantee or the issuer's commitment to repurchase at least once in 12 months and each commitment to redeem is at least 30 % value of the issue. The investment in this kind of assets shall be followed the following conditions:
 - All the securities shall be approved by the Board of Representatives by documents about type, securities ticker, quantity, trading value and timing;
 - There are sufficient documents to prove the payment guarantee or documents on the issuer's commitment to buy back.
- f) Listed and registered derivatives at Stock Exchanges, and solely used for hedging purpose and for the underlying securities in which the fund is holding;
- g) Rights and assets that may arise in connexion with securities that the fund is holding.

2. Investment areas

With the above mentioned investment strategies, the Fund's asset allocation, from time to time, would change in accordance to stocks' growth potential and market liquidity.

The following sectors are DCDS's investable sectors. Changes in asset allocation by sectors will base on market liquidity and comply with investment' constraints detailing in the investment's constraints. The investable sectors include:

- Food & Beverages
- Materials & Resources
- Energy
- Retailing

18	Other authorized investment assets	Depending on specific case, the price of other authorized investment assets will be appropriately determined by one of following methods: - The market price which is the average price of successful transactions on the latest trading date preceding the valuation date which is provided by at least 02 (two) quotation providers. - Price determined by the method approved by the Board of Representatives

Notes:

- Accumulated interest: The interest calculated from the latest interest payment date to the date preceding valuation date;
- The book value of a share shall be determined on basis of the latest audited or reviewed financial statements.
- Liquidation value of a share is determined on basis of equity value of the issuer divided by the total number of outstanding shares.
- Day means calendar day.
- In other arising situations where the valuation method cannot be determined, detailed instructions in the Valuation Manual approved by the Fund's Board of Representatives will be applied.

The net asset value of the fund (NAV) = total assets of the fund – total liabilities of the fund

The net asset value on a fund certificate equals the net asset value of the Fund divided by the total number of outstanding fund certificates, and rounded down to two (02) decimals.

3. Commitment value from derivative contracts

- a. Commitment value (global exposure) is the value converted to money which securities investment funds/companies are parties with the obligation of contract implementation. The commitment value is determined upon the market value of outstanding assets, payment risks, market changes and the time necessary for position liquidation.
- b. In calculating the commitment value, fund management company may apply:
 - Net offset principle of derivative position (reverse) for the same outstanding security, for example the purchase position of XYZ securities call option reduces (makes up) the commitment value from the sale position of XYZ securities call option;
 - Net offset principle of derivative position and spot delivery position of the same security, for example the purchase position (holding) of XYZ securities makes up (reduces) the commitment value deriving from the sale position of XYZ securities call option;
 - Other principles according to the international practice ensure the risk administration.

No.	Type of assets	Commitment value
1	Stock option (purchase of put option, sale of put option, sale of call option)	The market value of option position ¹ is adjusted by delta coefficient of option = Number of contracts x Volume of shares per contract x current market value of share x delta coefficient ²
2	Bond option (purchase of put option, sale of put option, sale of call option)	Market value of option position ³ is adjusted by delta coefficient of option = Number of contracts x nominal value x current market price of bonds x delta coefficient
3	Index future contract	Market value of future position = Number of contracts x value calculated on an index point x current index level
4	Bond future contract	Market value of future position = Number of contracts x value of contracts calculated under notional value x market value of the cheapest transferable bonds

5	Other contracts	Upon the model selected by the fund management company, agreed with the supervisory bank and approved by the fund representative board.
---	-----------------	-----------------------------------------------------------------------------------------------------------------------------------------

Note:

¹ If the fund holds long position, the market value may be adjusted to increase premium.

² Delta coefficient is the simple derivative of option price over underlying securities price. In the simple case, the delta coefficient may be considered 1. In case of complex option, the delta coefficient shall be determined by fund management companies, supervisory banks after being approved by the Fund Representative Board.

³ If the fund holds long position, the market value may be adjusted to increase premium.

ARTICLE 58. Compensation of damages to investors, the fund

DCDS, investors shall be compensated in the case the fund's net asset value is misjudged and the degree of error is achieving 1% of the net asset value or more.

1. In case the Fund is under-valuation, the compensation amount to the fund and investors are defined as follows:

- a. For investors purchasing fund certificates prior to the incorrect valuation period and selling fund certificates during the incorrect valuation period: the compensation amount shall be based on the deviation levels and the number of fund units sold by investors. The compensation amount will be charged to DCDS;
- b. For the fund: the compensation amount shall be determined based on the deviation levels and the number of fund units sold by the fund during the incorrect valuation period and the number of fund units in circulation. The compensation amount will be charged to the fund management company;

2. In case the fund is over-valuation, the compensation amount to the fund and investors shall be defined as follows:

- a. For investors purchasing fund certificates during the incorrect valuation period and continuing to hold such fund certificates after the incorrect valuation period: the compensation amount shall be determined based on the deviation levels and the number of fund units purchased and still held after the incorrect valuation period. The compensation amount will be charged to DCDS;
- b. For the fund: The compensation amount shall be determined based on the deviation levels and the number of fund units issued prior to the incorrect valuation period and repurchased during that period. The compensation amount will be charged to the fund management company;

ARTICLE 59. Principles, criteria for selecting, changing quotation providers

1. The fund management company shall select and submit the Board of Representatives to approve a list of quotation service providers to provide a quote for the Fund. The selected quotation service provider must satisfy the following conditions:
 - a. Have function and be licensed to provide quotation service.
 - b. Fully able to provide a quote.
 - c. Not the affiliated persons of the fund management company or custodian bank
2. Events and/or Criteria for changing quotation providers: when incurring one of the followings:
 - a. The quotation provider is not functioned or licensed to provide quotation service.
 - b. The quotation provider becomes related people of the fund management company or custodian bank.
 - c. There is changes of governmental ageneies relating to quotation.

Chapter XII

INCOME AND DIVIDEND POLICY

ARTICLE 60. Income of the Fund

Income of the Fund includes:

1. Dividend
2. Bond interest
3. Deposit interest, certificate of deposit interest
4. Difference between the sale and purchase arising from the investment activities of the Fund.
5. Other income, if any, from the investment of properties of the Fund.

ARTICLE 61. Dividend policy

1. To minimize the cost incurred, DCDS funds will not distribute profits.
2. The entire profit of the Fund arising during operation will increase the cumulative net asset value of the Fund.

Chapter XIII

PRICES OF SERVICE, FEES AND EXPENSES

ARTICLE 62. Prices of services paid by investors

1. Prices of service of Subscription
 - Price of service of Subscription is the prices of service that investors pay to the Fund management company when buying a fund unit. This price of service of Subscription shall be payable upon the issuance and counted as a percentage of the subscription amount.
 - Price of service of Subscription is allowed to exceed five percents (5%) of the transaction value. Specific price of service rates must be announced in prospectuses, summary prospectuses, or on websites of fund management companies, distributors or in other forms.
 - The soonest day to apply the increased price of service rates is the 60th day from the date on which the fund management company announces new price of service rates on its website.
 - In case that the fund management company obtains regulations causing the change in the price of service of subscription during a fixed period of time, the company shall announce on website of VFM and distribution agencies or under law.
2. Price of service of Redemption
 - Price of service of Redemption is the price of service that investors must pay to the Fund management company when selling a fund unit at the next subsequent trading cycles. Such price of service is subtracted from redeemed amount and payable as the fund pays to investors and counted as a percentage of the redeemed amount.
 - Price of service of Redemption fee at trading cycles is allowed to exceed five percents (5%) of the transaction value. Specific price of service rates must be announced in prospectuses, summary prospectuses, or on websites of fund management companies, distributors or in other forms.
 - For fund certificates holding by investors at recording date for delisting close-ended fund certificates to convert to open-ended fund: Price of service of redemption is 0.5% of the redeemed amount.

- The holding period is determined by “first in, first out” principle (FIFO).
- The soonest day to apply the increased price of service rates is the 60th day from the date on which the fund management company announces new price of service rates on its website.
- In case that the fund management company obtains regulations causing the change in the price of service of subscription during a fixed period of time, the company shall announce on website of DCVFM and distribution agencies or under law.

3. Price of service of Switching

- Investors shall pay to the Fund management company price of service of switching when placing switching order at trading cycle after the conversion of DCDS.
- Investors shall not pay any price of service of subscription or redemption for the switching units.
- Price of service of Switching is allowed to exceed three percents (3%) of the transaction value. Specific price of service rates must be announced in prospectuses, summary prospectuses, or on websites of fund management companies, distributors or in other forms.
- The soonest day to apply the increased price of service rates is the 60th day from the date on which the fund management company announces new price of service rates on its website

ARTICLE 63. Price of services paid by the fund

1. Price of service of managing public securities investment fund (Price of service of Management)

- The maximum price of service of management is 2% of DCDS's NAV per fiscal year. This price of service is paid for DCVFM to carry out the fund management service for DCDS. This price of service applied for each period will be determined by DCVFM to ensure that the total amount of price of service of management and other fees (if any) paid by the fund to DCVFM comply with laws. When there is a change in price of service of management rate applied, DCVFM shall notify this change to the Board of Representatives and Supervising bank, and update this change in the Prospectus.
- The monthly payable price of service is the total price of service calculated (accrued) of valuation cycles in a month.
- Price of service of Management of each valuation cycle is calculated as below:

$$\text{Price of service of Management} = \text{price of service of management \% per year} \times \text{NAV on the day prior to the valuation day} \times \text{actual days in the valuation cycle} / \text{actual days in a year (365 or 366)}$$
- In case that the fund shall value NAV monthly, the monthly price of service of management is calculated as below:

$$\text{Monthly price of service of management} = [\text{price of service of management \% per year} \times \text{NAV on the day prior to the valuation day of the first valuation cycle in the month} \times \text{actual remaining days from the beginning of the month to the day prior to the valuation day of the first valuation cycle in the month} / \text{actual days in a year (365 or 366)}] + \text{total price of service of management of the remaining valuation cycles in the month} + [\text{price of service of management \% per year} \times \text{NAV on the day prior to the valuation day of the last valuation cycle in the month} \times \text{actual remaining days in the month} / \text{actual days in a year (365 or 366)}]$$

2. Price of service of Depository and Custodian

- Price of service of Depository and Custodian shall be paid to the Supervisory Bank for providing the custodian and supervising services for the Fund. This price of service is calculated at every valuation cycle based on the NAV of day prior to the valuation day and payable every month. The monthly price of service is the total service price calculated (accrued) of valuation cycles in a month.
- The maximum price of service of Custodian is 0.04% of NAV per year.
- The maximum price of service of depository is 0.06% of NAV per year. This price of service of depository excludes securities trading service price which is up to VND100,000/transaction
- The above price of service does not include other regular operating fees such as fee payable to Depository center, legal fee, mailing fee, etc.
- The maximum price of service of Custodian and depository is complied with law (if any).
- The monthly price of service is the total fee calculated (accrued) of valuation cycles in a month.
- Price of service of Depository and Custodian for DCDS at each valuation cycle is calculated as below:

Price of service of Depository and Custodian (not include securities trading service price = % price of service of Depository and Custodian (year) x NAV on the day prior to the valuation day x actual days by calendar of the valuation cycle/ actual days in a year (365 or 366)

- In case that the fund shall value NAV monthly, the monthly price of service of Depository and Custodian is calculated as below:

Monthly price of service of Depository and Custodian (not include securities trading fee) = [% price of service of Depository and Custodian (year) x NAV on the day prior to the valuation day of the first valuation cycle in the month x actual remaining days from the beginning of the month to the day prior to the valuation day of the first valuation cycle in the month / actual days in a year (365 or 366)] + total price of service of Depository and Custodian of the remaining valuation cycles in the month + [% price of service of Depository and Custodian (year) x NAV on the day prior to the valuation day of the last valuation cycle in the month x actual remaining days in the month/ actual days in a year (365 or 366)].

Details of prices of service rate and payment term are regulated in the service agreement between FMC and the service provider.

3. Price of service of Fund administration

- Price of service of The fund administration is the price of service of DCDS pay for the fund administration service provider.
- The maximum price of service of The fund administration is 0.025% of NAV per year
- Price of service of The monthly payable is the total price of service calculated (accrued) of valuation cycles in a month.
- Price of service of Fund administration for DCDS at each valuation cycle is calculated as below:

Price of service of Fund administration = % Price of service of fund administration (year) x NAV on the day prior to the valuation day x actual days of the valuation cycle/ actual days in a year (365 or 366)

- In case that the fund shall value NAV monthly, the monthly price of service of fund administration is calculated as below:

Monthly price of service of fund administration = [% Price of service of fund administration (year) x NAV on the day prior to the valuation day of the first valuation cycle in the month x actual remaining days from the beginning of the month to the day prior to the valuation day/ actual days in a year (365 or 366)] + total Prices of service of fund administration of the remaining valuation cycles in the month + [%Price of service of fund administration (year) x NAV on the day prior to the valuation day of the last valuation cycle in the month x actual remaining days in the month/ actual days in a year (365 or 366)].

Details of Prices of service and payment term are regulated in the service agreement between FMC and the service provider.

The total minimum monthly price for Supervision and Custodian services, the minimum monthly price for fund management services and the details of the amounts are specified in the contract of custodian, supervision and fund administration services.

4. Price of service of Transfer agent:

- Transfer agent service price is the price paid by Fund to the Transfer Agency Service Provider. Transfer agency service prices are announced in the prospectus, summary prospectus, on the website of the fund management company, distribution agent or in other forms.
- The formula for calculating the transfer agency service price in each valuation period in a month is determined as follows:
- Transfer agent service price for the valuation period = Monthly transfer agent service price / actual number of days of the month x actual calendar days of the valuation cycle
- Service price and method of service fee payment are specified in the contract between the Fund Management Company and the Transfer Agency Service Provider. In addition, the Fund will pay the costs related to the exercise of rights for the Transfer Agent as agreed in the contract.

From time to time, Fund Management Company would be able to change the limit on the total operating expenses ratio (TERo) (after deducting relating investment fees) in order to provide the best support for Investors. Details and effectiveness of TERo limit (if any) will be updated in the Fund's Prospectus and disclosed on the Fund Management Company's website."

ARTICLE 64. The fund's expenses
